Peace radio FM 91.5

Payment options

Child sponsorship is now \$35 per month.

There are a variety of ways you may make your payments:

1. Direct debit: complete the "Direct Debit request" and we will deduct the authorised amount once a month at the end of the week of the month that you nominate. (Australian bank accounts only).

2. Credit card: supply us with your card number, expiry date and name on the card. Phone Alice Zagorski on (02)9451 3463 to give her the details or email to sec@cks.org.au but for your security do not give the full card number in one email; send the first 10 digits one day and the last 6 digits and expiry on the next day.

We will contact you for a revised expiry date in the last month of the card's life..

If you enter a donation online at www.cks.org.au it passes credit card information to us in a secure manner and we then raise a manual transaction; the website itself does not generate any automated financial processing. Hence there will be a delay before you see the charge against your credit card.

3. BPAY: set up one-off or regular monthly payments by telephone or internet banking (*Australia only*). Make payments any time of month that suits yourself or at any other frequency. Precisely how you access BPAY depends on the bank that you use.

The BPAY Biller No for Childcare Kitgum Servants is: 666826
or for Childcare Kitgum Development Fund : 878686 (tax deductible in Australia)

and your BPAY Personal Reference No for either is as supplied in your 'Welcome letter'.
Ring the office if you do not have your personal BPAY number.

That is the number for you personally which will not change; we never change it in the way that utility companies give you a new reference for each bill. No other details are relevant; if your bank's system asks you to enter a name or description, you can ignore it because it does not come through to our system.

4. Cheque or Money Order. Give to Alice Zagorski or post to
Childcare Kitgum Servants at P O Box 342, Belrose 2085

Note

We do not send receipts for individual payments, but we always send annual statements soon after the end of the Australian tax year, 30th June.

Our home office administration is mostly by part-time volunteers which saves overheads but may cause delays.
